TARGET MARKET CLASS OF CUSTOMERS

Product description and key attributes

This product is for customers requiring a large commercial loan with a variable interest rate.

The key product attributes are:

- variable interest rate;
- loan amounts from $5,000,000 to $25,000,000
- facility terms from six (6) months to three (3) years;
- interest-only repayments;
- additional repayments may be permitted;
- fees may apply.

The key eligibility requirements are that the customer:

- is an eligible Australian registered company;
- requires the funding for an acceptable business or investment purpose; and
- meets the applicable credit assessment and legal requirements.

Class of customers

This product is designed for a class of customers whose likely needs, objectives and financial situation are aligned with the product and the product's key attributes.

This product is designed for customers seeking a large, short-term commercial loan to assist with:

- business expansion or working capital;
- property purchase;
- equipment purchase;
- investment purposes; or
- refinancing existing business lending.

Needs, objectives and financial situation

This product is designed for customers who want:

- a variable interest rate;
- interest-only repayments for a facility term of between six (6) months and three (3) years;
- the ability to make additional repayments, where permitted; and
- the ability to repay the facility before maturity, subject to the applicable loan terms.

This product is not designed for customers who:

- are seeking fixed interest rates;
- are seeking a loan term of less than six (6) months or more than three (3) years;
- are seeking an offset account;
- are seeking construction funding or progressive draw facilities;
- do not wish to obtain independent legal advice;
- are seeking a loan regulated under the National Consumer Credit Protection Act 2009; or
- do not meet the applicable credit assessment and eligibility requirements.

Alignment to target market

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market. This is based on an assessment of the product's key terms, features, and attributes, and a determination that they align with the identified customer class.

DISTRIBUTION CONDITIONS AND RESTRICTIONS

Distribution channels

This product is designed to be distributed through:

- accredited brokers or referrers who refer customers to us; and
- direct contact from customers.

Distribution conditions and restrictions

This product should only be distributed where:

- the customer meets the eligibility requirements for the product; and
- reasonable steps are taken to ensure distribution is consistent with this TMD.

Where the product is distributed through a broker or referrer, the distributor must:

- be accredited directly with us or through an aggregator acceptable to us;
- maintain their accreditation; and
- have access to current product information.

Where the product is distributed directly, the customer must meet the eligibility requirements and have access to appropriate product information.

All distribution channels are subject to appropriate controls and monitoring.

Appropriateness of distribution conditions and restrictions

We have assessed that the distribution conditions and restrictions will make it likely that customers who acquire the product are in the target market.
We consider that the distribution conditions and restrictions are appropriate and will direct distribution towards the class of customer for whom the product has been designed.

TMD REVIEWS

We will review this TMD in accordance with the below:

Periodic Review	At least every 12 months from the last review.
Review Triggers	The review triggers (which reasonably suggest the TMD is no longer appropriate) that may result in an earlier review of the TMD include material changes to the design or distribution of the product including related documentation, material changes in law or taxation policy that may affect the operation of the product, or: • Significant changes in metrics. These include complaints and early cancellation volumes; • Any direction from ASIC which requires us to cease distribution of the product; • Distribution conditions found to be inadequate; • Occurrence of a significant dealing.

DISTRIBUTION INFORMATION

We will collect the following information from our distributors directly or indirectly in relation to this TMD.

Complaints	Distributors must report all complaints relating to the product quarterly, for the quarters ending in March, June, September and December. Reports must include written details of the complaints.
Significant dealings	A distributor that becomes aware of a significant dealing inconsistent with this TMD must report the dealing to us as soon as practicable and within 10 business days after becoming aware of it.
