TARGET MARKET CLASS OF CUSTOMERS

Product description and key attributes

This product is designed for customers requiring commercial lending secured by commercial property through a complying self-managed superannuation fund (SMSF). The key product attributes to acquire this product are:

- Variable interest rate;
- Maximum facility term of up to 3 years;
- Minimum facility term of 1 month;
- Interest-only repayments;
- Fees apply.

To be eligible for this product, customers must:

- A complying SMSF with a corporate trustee, regulated under the Superannuation Industry Supervision Act (SIS Act);
- The trustee of the SMSF and legal holder of the security property are each an Australian registered company with an active Australian Company Number (ACN); and
- Meets the credit criteria and credit policy requirements under an applicable offer for this product.

Class of customers

This product is designed for a class of customers whose likely needs, objectives, and financial situation (as set out below) align with the product and its key attributes.

This product is designed for customers seeking commercial property finance through a complying self-managed superannuation fund (SMSF) to assist with the:

- Purchase of a commercial security property; or
- Refinance of a facility previously used to purchase a commercial security property.

Needs, objectives and financial situation

This product is designed for customers who want:

- A variable interest rate;
- Interest-only repayments over the term of the loan up to 3 years;
- The flexibility to make additional repayments; and
- The flexibility to repay the facility prior to maturity.

This product is not designed for customers who:

- Are seeking fixed interest rates;
- Are seeking principal and interest repayments;
- Are seeking a long-term lending solution;
- Are seeking an offset account;
- Are looking to construct a property;
- Are seeking a loan regulated under the NCCP;
- Do not have a clear exit strategy; or
- Do not meet the credit assessment criteria.

Alignment to target market

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of customers in the target market. This is based on an assessment of the key terms, features and attributes of the product and a determination that these are consistent with the identified class of customers.

DISTRIBUTION CONDITIONS AND RESTRICTIONS

Distribution channels

This product is designed to be distributed through:

- accredited brokers or referrers who refer customers to us; and
- direct contact from customers.

Distribution conditions and restrictions

This product should only be distributed where:

- the customer meets the eligibility requirements for the product; and
- reasonable steps are taken to ensure distribution is consistent with this TMD.

Where the product is distributed through a broker or referrer, the distributor must:

- be accredited directly with us or through an aggregator acceptable to us;
- maintain their accreditation; and
- have access to current product information.

Where the product is distributed directly, the customer must meet the eligibility requirements and have access to appropriate product information.

All distribution channels are subject to appropriate controls and monitoring.

Appropriateness of distribution conditions and restrictions

We have assessed that the distribution conditions and restrictions will make it likely that customers who acquire the product are in the target market.
We consider that the distribution conditions and restrictions are appropriate and will direct distribution towards the class of customer for whom the product has been designed.

TMD REVIEWS

We will review this TMD in accordance with the below:

Periodic Review	At least every 12 months from the date of the last review.
Review Triggers	The review triggers that may reasonably suggest this TMD is no longer appropriate and result in an earlier review include: • material changes to the design or distribution of the product, including related documentation; • material changes in law or taxation policy that may affect the operation of the product; • significant changes in relevant metrics, including complaints and early cancellation volumes; • any direction from ASIC requiring us to cease distribution of the product; • distribution conditions being found to be inadequate; or • the occurrence of a significant dealing inconsistent with this TMD.

DISTRIBUTION INFORMATION

We will collect the following information from our distributors directly or indirectly in relation to this TMD.

Complaints	Distributors must report all complaints relating to the product quarterly, for the quarters ending in March, June, September and December. Reports must include written details of the complaints.
Significant dealings	A distributor that becomes aware of a significant dealing inconsistent with this TMD must report the dealing to us as soon as practicable and within 10 business days after becoming aware of it.
